

Terms of Acceptance

When a patient seeks chiropractic health care, and when a chiropractor accepts a patient for such care, it is essential that both are working for the same goals. Chiropractic has primarily one goal:

TO LOCATE, ANALYZE AND CORRECT
SPINAL INTERFERENCE TO THE NERVOUS SYSTEM.

The purpose of the nervous system is to control and coordinate all bodily functions. Interference to this master system automatically produces improper function in the body. The SUBLUXATION (spinal misalignment producing nerve interference,) in and of itself, is a detriment to life and health. Correction or reduction of the SUBLUXATION through a specific chiropractic adjustment allows the body to function at its optimum level. This allows the INNATE healing powers of the body to work at maximum efficiency to restore, maintain, and promote natural health.

WE PRIMARILY DIAGNOSE VERTEBRAL SUBLUXATIONS.

WE OFFER TREATMENT OF YOUR SUBLUXATIONS.

WE PROMISE NO CURE FROM ANY CONDITION(S) OR DISEASE(S.)

THE CHIROPRACTIC ADJUSTMENT RESTORES LIFE AND HEALTH
TO ITS FULLEST POTENTIAL!!!

I, _____, have read the above statement, and understanding it fully, do undertake chiropractic health care on this basis.
